- Role: Author Single Page Application (SPA) portfolio page.
- Tools/languages: JavaScript, REACT, Material UI

EDUCATION

Rutgers, the State of New Jersey, New Brunswick, NJ

Rutgers Coding BootCamp – JavaScript Full Stack Web Development

An intensive 24-week long boot camp dedicated to designing and building web applications. Skills learned consisted of HTML5, CSS3, JavaScript, jQuery, Bootstrap, Firebase, Node JS, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

EXPERIENCE

1. Web Development Student - October 2021 - March 2022

Completed an intensive 24-week full-stack web development bootcamp at Rutgers, gaining hands-on experience in HTML, CSS, JavaScript, Node.js, React, MySQL, and MongoDB. Developed and deployed multiple full-stack projects, including weather and real estate apps, focusing on responsive design, RESTful APIs, and user authentication.

2. Freelance Web Developer - January 2023 – Present

As a freelance web developer, I have built responsive and user-friendly websites for small businesses, focusing on clean design and functionality. Proficient in HTML, CSS, JavaScript, and React, I deliver customized solutions tailored to client needs. My projects include e-commerce platforms, business landing pages, and portfolio sites, with an emphasis on mobile responsiveness and SEO optimization.
